STANDARD GUARANTEE

of

American Shorthorn Breeders' Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such cases is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

The above guarantee and terms shall constitute a contract between consignor and buyer of each lot. Neither the Illinois Shorthorn Breeders' Ass'n., the Sale Manager, nor the clerk of the sale assumes any liability, legal or otherwise.

Hercules Ransom—Here is a bull that should head a strong herd. He was a consistent prize winner at 1949 and 1950 shows. His dam is a good milker and a good producer. We liked him well enough to use him on several of our good cows.

Imp. Glastullich Spearhead, a son of Glastullich Fortress and a brother to the 1947 Perth champion Glastullich Smasher. He heads the herd at Susanna Farms, owned by S. J. O'Bryan. A good bull sired by him and two sweet heifers bred to one of his sons are included in this sale.

Edellyn Royal Leader 127th—An Edellyn bull has always been a paying proposition. The unsurpassed record of the Royal Leaders in National competition for the past eight years eliminates the uncertainty in buying a herd bull. Consider the fact that the 3 most important group prizes at the last International; that is, the Best 10 Head, Get-of-Sire and Best 3 Bulls, were won by Edellyn Farms on cattle carrying the very same blood lines as this bull. His dam was a top-heifer in a Canadian sale and her sire was the 1943 International Congress Champion. Put this bull to work for you—it will pay you.

White Side Impression 3d is very much the same kind as his sire. He is the best bull I have offered for sale for some time. He looks the part of a future good herd sire, even though he is not as fat as he should be for this sale.

Don't they make you want to come to Illinois?

Just a Word About the Females

It is very difficult to buy females at private treaty. Breeders everywhere have enjoyed a thrifty demand. Moreover, with killer prices at the highest levels in history, they have culled their herds closely during the last few years, and the better young females are needed for replacements.

There are thirty beautiful heifers in this sale and they are tops from the herds of the best breeders in the leading Shorthorn state. Most of these heifers were consigned because of a feeling of loyalty toward the Illinois Shorthorn Breeders' Association and not because of a desire to part with them.

You can buy better females in this sale than you can possibly obtain at private treaty, and you will save much time and expense in so doing. We hope you will take particular note of the fact that those offered in this sale are daughters of the most famous sires in the land, and many of them are carrying the service of equally famous sires.

The quartette at the left are calves sired by Imp. Cruggleton Allardice, the great Marellbar Farms herd sire. They won first place in the get-of-sire class at the 1950 Illinois and Wisconsin State Fairs.

Right — Marellbar Mary Ann 5th, a sweet daughter of Imp. Cruggleton Allardice owned by Marellbar Farms. She won first prize at the Wisconsin State Fair and was the reserve champion female at the Royal Winter Fair in Toronto. Lot 24 is a son of Imp. Cruggleton Allardice, and Lot 27 has a good bull calf at foot by him.

Let's Do A Little Figuring

We make a lot of claims for Illinois . . . of course we do . . . but they are not empty claims . . . we really have the facts to back them . . . let's take the records of the International Live Stock Exposition as an example . . . at the last four shows an Illinois bred group has won first prize in the important get-of-sire class . . . at the 1949 International the first nine "gets" were by bulls or sons of bulls bred or owned in Illinois . . . at the 1950 International seven of the first ten "gets" were by bulls or sons of bulls bred or owned in Illinois . . . of the twelve classes for individual animals at the 1950 International, seven were headed by Illinois bred animals or descendants of sires bred in Illinois . . . of the eight group classes, six were headed by Illinois bred animals or descendants of sires bred in Illinois . . . and five of the latter classes were actually headed by *Illinois bred animals whose owners are consigning to this sale.*

Is it any wonder we say, "You Can buy with confidence in Illinois!"

Here Are The Members of the

Visit them . . . you will find them to be a swell lot of fellows . . . you will find that they own top sires and strong cow herds . . . you will find them ready and willing to help you locate the seed stock you are seeking.
